# SOLIDITY, RESISTANCE, REAL AND PRACTICAL SOLUTIONS

## SPECIALISATION

THE GUARANTEE OF A CONSOLIDATED PRODUCTION TOGETHER WITH THE KNOWLEDGE, EXPERTISE AND EXPERIENCE OF THE ELNAGH PRODUCTION TEAM WILL PROVIDE YOU WITH A SOLID AND DURABLE VEHICLE.

Elnagh vans are produced in the Paglieta plant (Abruzzo), an industrial district of over 28,000 m<sup>2</sup> that produces vans for the Trigano group for the whole of Europe.

## INNOVATION

ELNAGH OFFERS FUNCTIONAL AND ELEGANT SOLUTIONS WITH THE ATTENTION TO DETAIL THAT ONLY A SOLID EXPERIENCE CAN OFFER.

The Elnagh van family embodies what has always distinguished the brand: technique, inventiveness and determination, offering functional and elegant solutions.

## PROFESSIONALISM

YOUR ELNAGH DEALER CAN ADVISE YOU ON THE CHOICE OF THE MOST SUITABLE VEHICLE FOR YOU AND RESPOND COMPETENTLY TO YOUR REQUESTS.

The qualified points of sale that distribute the Elnagh brand today give the brand real added value. An organised, targeted network supported by continuous training on technical topics and workshop interventions.

## SAFETY

UNLIMITED TRANQUILLITY, YOUR TRANQUILLITY IS OURS.

Elnagh offers 5-year infiltration warranty.

# E-VAN 2021

## E-VAN

### THE BEGINNING OF THE ADVENTURE

Designed for those in search of unique experiences. If you are looking for your first van and you want a solid vehicle, with a simple, practical and essential style but with everything you need to be for your adventures, E-Van is for you.

Two are the choices available: E-Van 2 of 5.99 m with transversal bed at the back, and E-Van 5 of the same length, provides two bunk double beds placed at the back.

## E-VAN TREND

### ADVENTURE WITH MORE COMFORT

Thanks to the many interior solutions, E-Van Trend models are the best solution for every kind of travel. Everything is designed to offer new spaces, such as the practical raising roof.

There are seven internal solutions available from 5.41 m to 6.63 m and four types of bed between classic double and double bunk beds, twin beds and electric elevating bed at the back.

## E-VAN PREMIUM

### ADVENTURE WITH MORE COMFORT AND EQUIPMENT

Designed for those who don't accept any compromise. E-Van Premium models combine design with functionality. High-quality, durable materials - such as acrylic stone - blend in with everyday requirements: the folding table, which can be easily extended or closed as required.

There are seven top of range solutions available from 5.41 m to 6.36 m and four types of bed between classic double and double bunk beds, twin beds and electric elevating bed at the back.

### SOUNDPROOFING

Soft Touch **PANELS** on the walls, pleasant to the touch for a soft and welcoming effect with high insulation coefficient

## WELL-BEING AND RELAX

### PRIVACY, COMFORT AND LIGHT

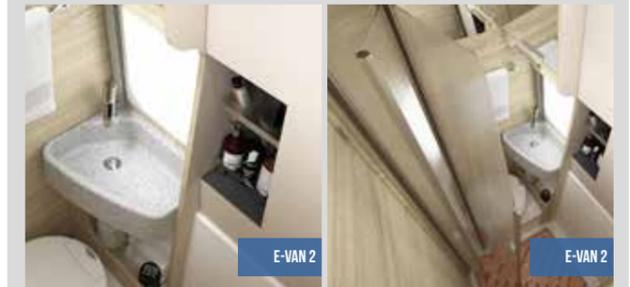

Thanks to the **SHOWER CURTAIN**, the mirrors, washbasin and toilet are protected from shower splashes.  
**LOWERED SHOWER TRAY**: the water does not flow into the toilet area

**WINDOW** in the bathroom to always have a bright and airy area.

### EVERYTHING IN ITS PLACE

**STORAGE COMPARTMENT** with shelf inside the shower.

### INCREASED QUALITY OF MATERIALS

Fixed **WASHBASIN** above the toilet in acrylic stone, soft to the touch and resistant to use.

**MORE INSULATION**  
**MORE PROTECTION**  
**LESS NOISE**

**BODY PROTECTION SYSTEM**

THE EXCLUSIVE TECHNOLOGY FOR INSULATING THE INTERIOR OF THE VAN FROM OUTSIDE TEMPERATURES AND NOISES ENSURES BETTER HEAT AND ACOUSTIC INSULATION ALSO THANKS TO THE ABSENCE OF THERMAL BRIDGES WITH THE OUTSIDE.

One round trip to the moon and your warranty will still cover you!  
 Five-year infiltration warranty!

**GO ON HOLIDAY WITHOUT A THOUGHT, WE'LL MAKE YOU FEEL GOOD!**

THE ELNAGH VANS ARE **WELL ISOLATED AND QUIET VEHICLES** THANKS TO THE EXCLUSIVE **BPS TECHNOLOGY** WHICH PROVIDES INSULATION AND INTERNAL PROTECTION FROM BOTH EXTERNAL TEMPERATURES AND NOISE

**FIVE-YEAR ABSOLUTE PROTECTION GUARANTEED AGAINST INFILTRATION.**

**TESTED SOUNDPROOFING:** *Noise tests relating to external agents (test carried out with calibrated sound meter and certified by the SIT centre) have also demonstrated that the noise perceived inside the van while raining is lower by 37% in the dinette area and by 30% in the rear area.*

**TESTS IN CLIMATE CHAMBER** in accordance with the EN 1646-1 standard, according to which a vehicle brought to -15°C must reach +20°C in 4 hours, have demonstrated that BPS insulation:

- reduces the time to reach pleasant temperatures inside the vehicle by 50%, even when starting from extremely cold conditions;
- increases the uniformity of temperature inside the various areas of the van by more than 65%;
- maintains temperatures with greater consistency and longer for more comfortable stay

**E-VAN TREND AND E-VAN PREMIUM RANGES**

Increased insulation, with higher insulating performance materials. The coating of the roof, walls, crossbars and uprights is made entirely of polyester fibre covered with an aluminium film, made in two thicknesses (20 mm and 10 mm) to ensure the absence of thermal bridges.

**E-VAN INSULATION**

The walls are insulated by the **polyurethane foam**, a material capable of giving one of the **better ratios between thickness, cost and performance**. The floor consists of a sandwich panel while the roof is insulated with polyester fibre covered by an aluminium film

# THE WINTER COLD IS NO LONGER A QUESTION ON-BOARD YOUR ELNAGH VAN!

## EN 1646-1 STANDARD THERMAL INSULATION HEATING

**Enjoy your adventures in the most extreme conditions!** Choice of gas or oil heating, combined or electric, 4 or 6 kW. We can state it with certainty, because we have tested our vans in a climate chamber according to EN 1646-1 standard.

This provides for the achievement of 20°C inside the vehicle within 4 hours after switching on the heating system with an outside temperature of -15°C.

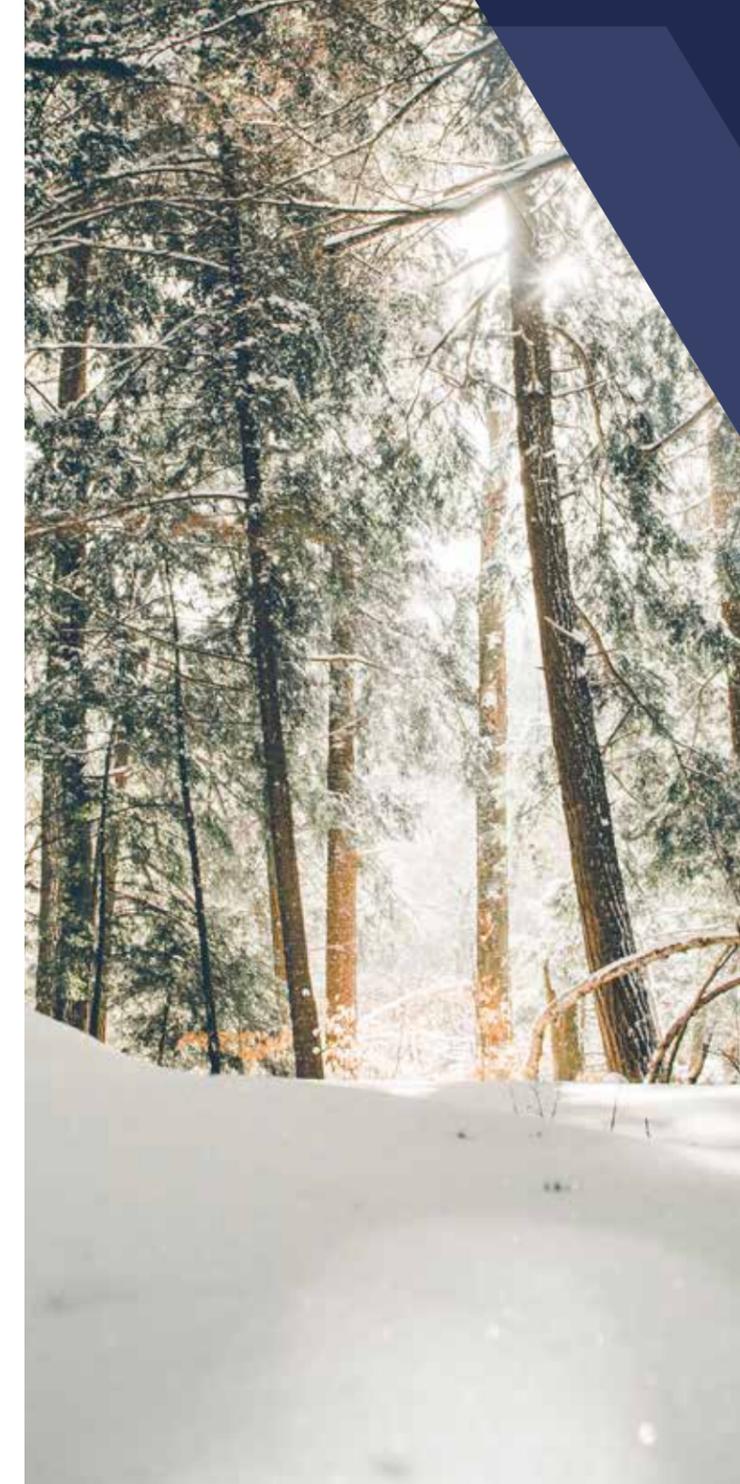

## WANT EVEN MORE? YOU CAN CHOOSE BETWEEN TWO OPTIONAL FITTING OPTIONS THAT IMPROVE COMFORT ON BOARD IN HARSHER CONDITIONS.

### WINTER PACK:

- GREY WATER TANK INSULATED THROUGH A 15 MM LAYER OF POLYURETHANE.
- ELECTRICAL PROBE WITH THERMOSTAT POSITIONED CLOSE TO DRAIN VALVE.
- INSULATION OF EXTERNAL WATER PIPES.
- INSULATION OF EXTERNAL HEATING PIPES.

### ARCTIC PACK:

- BOOSTED HEATER, 6 KW.
- THERMAL BLIND TO PROTECT SIDE WINDOWS.
- THERMAL BLIND TO PROTECT DASHBOARD.
- INSULATED REAR CURTAIN.

# STOWAGE

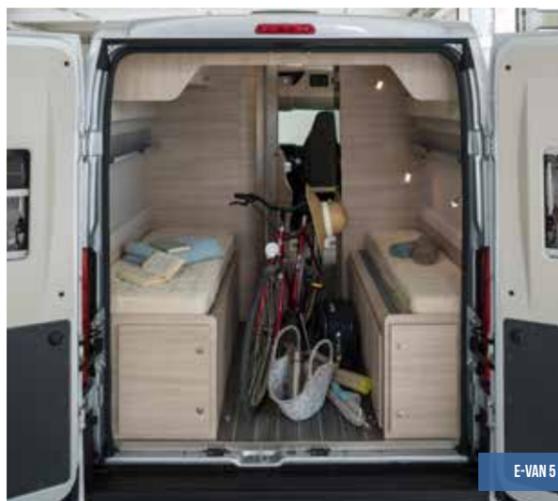

SMART SOLUTIONS.  
VERSATILE, MODULAR SPACES, JUST THE WAY YOU WANT THEM.

ON BOARD ELNAGH VANS THE INTERIOR SPACE IS OPTIMISED TO OFFER MAXIMUM FUNCTIONALITY: THE STORAGE COMPARTMENTS ARE DESIGNED TO ADAPT TO YOUR TRAVEL AND HOLIDAY NEEDS.

THE BED BASES CAN BE ELEVATED AND/OR REMOVED - PARTLY OR COMPLETELY - TO HANDLE THE LOAD VOLUMES FLEXIBLY, ACCORDING TO YOUR NEEDS.

E-VAN DUO XL

## E-VAN DUO XL

### THE MODULAR VOLUME GARAGE WITH AN EXTRA LOAD

With the rear bed that moves electronically supported by straps and stops where you want it to, E-Van DUO XL offers you a **rear stowage with variable volume**, between 1,500 and 2,400 litres. That way, even at night, your bicycles and your sports equipment will stay safe!

The garage is equipped with an **electrical socket** and a **water outlet** with a removable jet.

To exploit the full potential of the garage, the **antislip aluminium sheet metal covering** and the **access ramp** are available as options.

E-VAN DUO XL

E-VAN DUO XL

## E-VAN DUO

WITH E-VAN DUO YOU JUST HAVE TO CHOOSE THE MOST SUITABLE CONFIGURATION EACH TIME ACCORDING TO THE SPACE YOU NEED.

- ELEVATING BED BASES
- THREE WARDROBES THAT CAN BE REMOVED SEPARATELY
- REMOVABLE, ADJUSTABLE-VOLUME DOUBLE FLOORING
- EXTRA LOAD, WITHOUT TAKING UP SPACE

# HARMONIOUS ENVIRONMENTS WITH DIFFERENT STYLES

WHATEVER YOUR NEEDS,  
ELNAGH HAS THE RIGHT  
SOLUTION FOR YOU.

INTELLIGENT LIVING SOLUTIONS,  
DESIGNED BY THOSE WHO ONLY  
BUILD VANS.

USABILITY AND FREEDOM OF  
MOVEMENT GUARANTEED,  
THANKS TO OPTIMAL USE OF  
AVAILABLE SPACE.

YOU CAN CHOOSE BETWEEN **3**  
**TYPES OF FITTINGS:**

## E-VAN

CONCRETENESS AND SPACE

**Cosy, comfortable and airy** environment.  
**Simple and linear** style, it does not give up to the **practicality** and functionality of the furniture, **resistant and water-repellent**, in melamine multilayer with plastic finish.  
Stowage ensured by the large wall cabinets and **the comfortable storage compartment** above the cab.

E-VAN 2

## E-VAN TREND

QUALITY AND COMFORT, FREEDOM OF MOVEMENT, MORE  
STOWAGE

**More comfortable, functional and durable** environment.  
The most **refined** style in the choice of materials for furniture in high-pressure laminate, **ultra-resistant and easy to clean**.  
More space to move **around with the ergonomically rounded profiles** and the **open space cab**.  
Even **more stowage** with the hatch on the floor under the dinette.

E-VAN 5

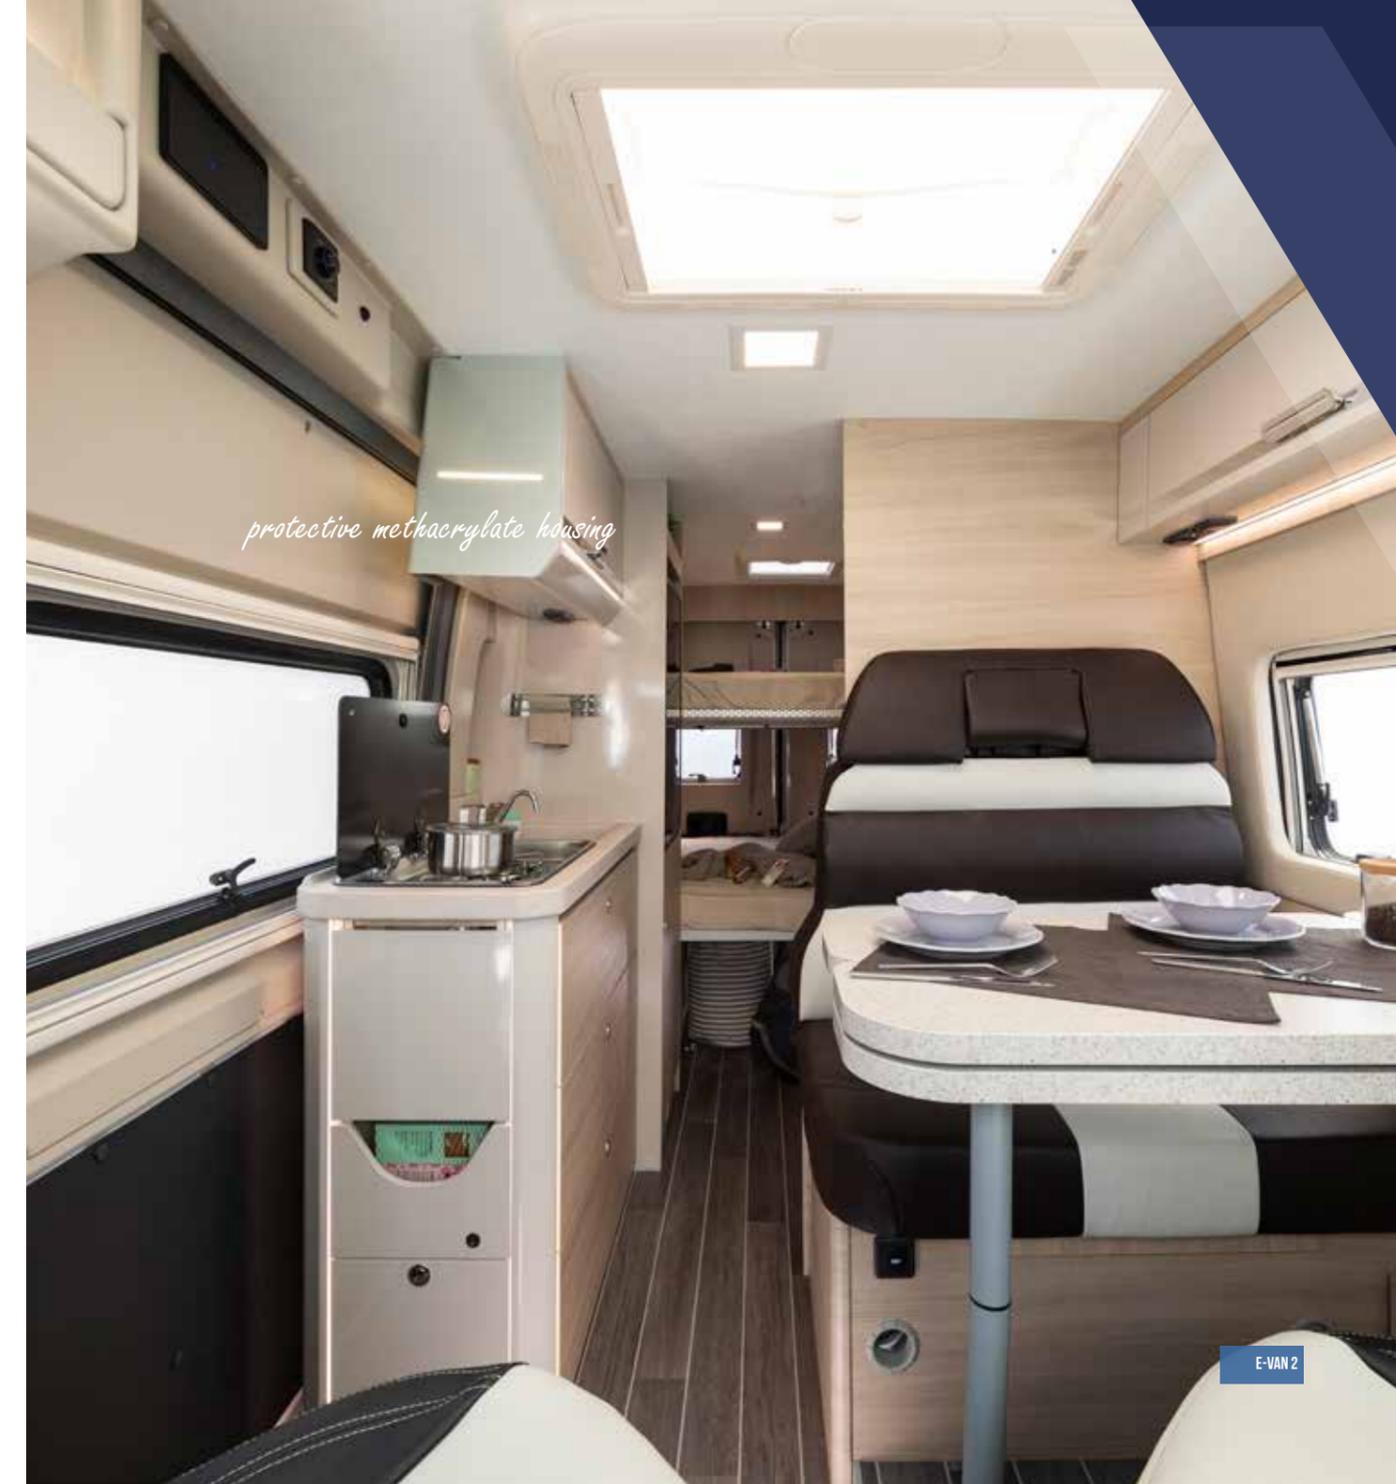

## E-VAN PREMIUM

BETTER BALANCE BETWEEN DESIGN, AESTHETICS AND  
ERGONOMICS

Environment designed for **top comfort**.  
Style with **attractive design**. Furniture with contrasting colours and built with even more **resistant and durable** materials, glossy laminates for the wall units and acrylic stone for the kitchen worktop and the folding top table.  
**Move around even more easily** thanks to the rounded profiles with LED light insertions and open space cab.

E-VAN 2

*protective methacrylate housing*

E-VAN 2

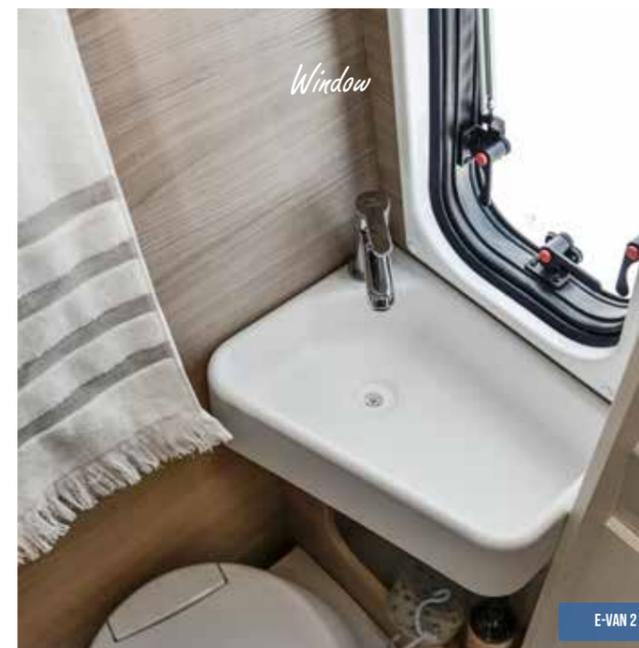

# TOILETTE PRIVACY, COMFORT AND LIGHT

## E-VAN

WHATEVER YOU NEED FOR YOUR WELL-BEING

The bathroom consists of two **separate rooms**, washbasin and toilet on one side, shower on the other, and is equipped with a **window** for greater brightness.

A practical, removable **curtain with magnets** separates the shower: after using it you can hang it out to dry. The shower has a **lowered tray** - so the water does not flow into the toilet area and the rest of the bathroom stays dry - and is equipped with **shower rail**, a **separate mixer** and a **convenient storage compartment** for towels and detergents.

## E-VAN TREND

THE PLEASURE OF TAKING CARE OF YOURSELF

The compact bathroom offers you whatever you need for your well-being. Equipped with a **window**, it has a **mirror** and **wall units** to contain everything necessary for your toiletry.

The **washbasin** is either fixed or concealed in the wall, depending on the models.

A nice **shower** is what you need to start your day with energy or to end it in relaxation: the E-Van trend range offers it in a separate version, with shower rail and **separate mixer**, or in an **integrated version** with pull-out tap.

**Fixed washbasin** (E-VAN 2, E-VAN 5, E-VAN DUO, E-VAN DUO XL)

**Flap washbasin** (E-VAN K2, E-VAN VAN 4, E-VAN VAN 6)

## E-VAN PREMIUM

WELL-BEING, COMFORT AND FUNCTIONALITY

Equipped with a **window**, the E-Van Premium toilet offers everything you need to take care of yourself, without neglecting style: an example of this is the **acrylic stone washbasin\*** - combined with the kitchen top and the folding top table. There is no shortage of stowage space such as **wall cabinets** and **storage compartments**, so you have everything at hand.

The models with fixed washbasin have a **shower separated by rigid folding doors**, equipped with a **shower rail with separate mixer and storage compartment** with shelf: it's practically like being at home. The tray is lowered so that the water does not flow out of the shower space.

\* The wall unit is not available in the E-Van Duo XL Premium model

\* The acrylic stone washbasin is available only in the models with fixed sink.

# OPTIMISED KITCHEN SPACE

THE SPACES WILL NEVER HAVE BEEN SO TIDY THANKS TO **2 LARGE DRAWERS** UNDER THE SINK AND A **CONVENIENT PULL-OUT BASKET** WITH EFFICIENT AUTOMATIC RETRACTION SYSTEM.

## E-VAN

### LIVING THE KITCHEN

The linear kitchen unit of E-Van is equipped with a **two-burner hob** and **sink**, to easily prepare a quick snack or a delicious lunch.

The 70l compressor **refrigerator**, located under the kitchen, on the entrance side, has a double hinge: it can be opened both from the inside and the outside of the vehicle, so that you can enjoy your holiday en plein air.

Everything is tidy with **drawers** and **wall unit** to store dishes, tableware and shopping items for an organised, practical and functional kitchen.

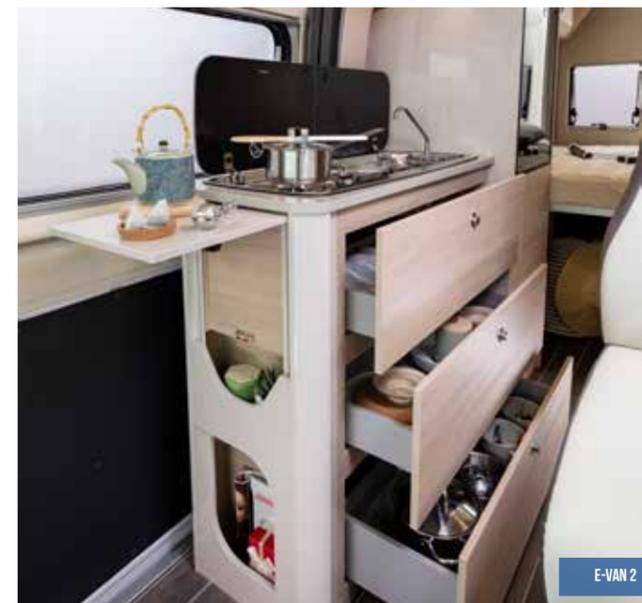

E-VAN 2

## E-VAN TREND

### LIKE AT HOME

The linear kitchen, like your home's one, includes a **two burner hob** and a **sink**: an extremely functional solution to prepare delicious lunches and dinners in full comfort. It is equipped with an **extendible worktop**.

E-VAN 2

## E-VAN PREMIUM

### EVEN TASTE WANTS ITS SHARE

Cooking in an E-Van Premium van is really a pleasure. The kitchen, equipped with two burner hob and sink, is characterised by the **exclusive acrylic stone tops**: scratch and impact resistant, antibacterial and easy to clean.

The sink is equipped with a **cover** that can be used as a cutting board and shelf.

You can always have fresh ingredients for your recipes thanks to the **refrigerator**, compressor or three-way type, depending on the models.

All your plates, glasses and accessories can be arranged in the **wall units** and **drawers** that are fully extractable, with soft-close closure.

The back of the wall unit and the base of the kitchen unit have a **protective methacrylate housing**. Nice to look at and especially useful because it protects the parts most exposed to water and sun from wear, especially when the door is open.

The wall units and kitchen top are equipped with **LED light strips** that illuminate the dinette area and the open baskets.

The outside of the kitchen also has an LED strip: indispensable when dining outside.

E-VAN 2

E-VAN 2

TIDYING UP WILL NEVER HAVE BEEN SO SIMPLE, **LARGE STORAGE WALL UNITS** OVER THE REAR BED AND **WARDROBES** WITH MAXIMISED INTERIOR DIMENSIONS.

## E-VAN

### RESTFUL SLEEP

The rear beds of the E-Van will give you a comfortable and regenerating rest, ideal after an intense day of travel, thanks to the comfortable **ergonomic anti-mite mattresses** and **wooden slatted bases**.

The room is bright: in addition to the rear windows, the light is provided by the rear portlight.

To store clothes and accessories, you can count on the two **large wall units** arranged along the side walls.

E-VAN 2

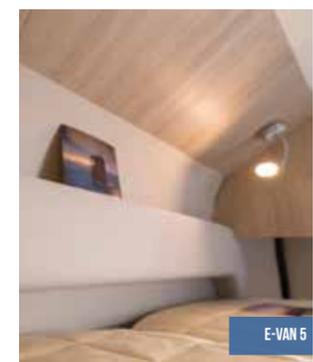

## E-VAN TREND

### COMFORT TO LOVE

The sleeping area is designed to provide you with a comfortable rest thanks to **the large beds**, breathable fabric mattresses and wooden slatted bases. The **interior walls are in soft-touch** to protect you from outside noise while you sleep and to give you an even softer and more welcoming effect.

You can store clothes and accessories in **wall units** or **wardrobes**.

To enjoy reading without disturbing your travel companions, you can turn on the **LED spot lights** underneath the wall units

E-VAN 6

E-VAN 6

## E-VAN PREMIUM

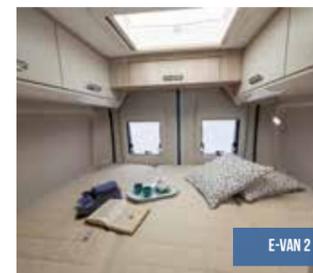

### STYLE IN SLEEP COMFORT

**Large beds, breathable fabric mattresses and wooden slatted bases**: this is Elnagh's choice to ensure top comfort while you sleep.

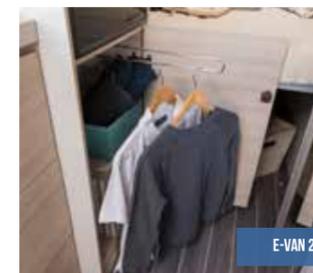

The sleeping area is particularly cosy and comfortable thanks to the **soft-touch wall** coating that protects against external noise and the **portlight** and rear **windows** that provide light and air exchange.

In addition to the **side wall units**, the Prestige range offers an **additional wall unit** in the rear wall of the vehicle\*: **extra storage** space for linen, clothes and accessories.

**The LED spot lights**, under the wall units, are ideal for evening reading without disturbing your fellow travellers.

E-VAN 2

E-VAN 2

# THE LIVING AREA YOU WANT!

## E-VAN

COMFORT ON THE MOVE

E-VAN 2

The environment is designed to move around easily and make optimal use of space.

The table is equipped with a standard **pull-out extension** for an additional work surface, only when needed. Its ergonomic shape is designed to facilitate exit and access to the driver's seat. Very versatile and functional, it can also be used outdoors to offer you the pleasure of an outdoor lunch in the mildest season.

Above the driver's cab, the useful **storage compartment**.

E-VAN 2

## E-VAN TREND

DESIGN AND COMFORT.

E-VAN 2

The cab outline creates an "open" environment and gives the living area more space to move freely in the dinette area. Above the cab, comfortable **storage compartments** and **wall units** in line.

The **dinette** is designed to give you moments of rest and relaxation: the exceptionally comfortable **ergonomic seats** are ideal for enjoying a tasty dinner. The table, with its ergonomic shape to facilitate access and exit from the driver's seat, is equipped with a **pull-out extension** as standard. You can use it when you need more work area and close it when you no longer need it.

**The table is removable** and can also be used outdoors: perfect for an outdoor snack on a beautiful spring day.

Underneath the dinette, the **floor hatch** gives you extra stowage space.

**The LED interior lighting** is available as linear light underneath the wall units and touch on the roof, for a pleasant environment to see and live in.

## E-VAN PREMIUM

EVEN TASTE WANTS ITS SHARE

E-VAN 5

### Design, aesthetics and ergonomics.

Getting around in an Elnagh Premium van is extremely easy: kitchen profiles, wardrobes and wall units are rounded off to accompany the passage, without annoying sharp edges.

The cab outline creates an **open space** environment, larger, spacious and welcoming.

The **folding top table**, characteristic of the range, can be opened in a modular way, depending on the work surface you need. When it is closed, it takes up very little space. Sitting at the dinette, or travelling, you'll have space and comfort for your legs.

An idea for a sunny day? With a few simple moves you can **disassemble the table and use it outdoors**.

Under the dinette, a comfortable **floor hatch**: an additional stowage compartment for your belongings.

# PANORAMIC ROOF

## YOUR SKY VIEW LIVING AREA.

THE PANORAMIC ROOF IS THE IDEAL SOLUTION FOR THOSE WHO WANT AN EVEN BRIGHTER, COMFORTABLE AND PLEASANT LIVING AREA.

## TESTED IN CLIMATE CHAMBER

**TEST IN CLIMATE CHAMBER**  
from -15°C to 40°C.

**HEAT RADIATION TEST**  
on the panoramic roof surface at 65°C; 75°C; 80°C; 85°C.

**LOW TEMPERATURE TEST**  
(Freezing test -15°C) to check for possible ice formation in the perimeter of the glass and any damage or malfunction.

**VIBRATION TEST**  
with simulation of 820 km on special route (cobblestone).

**INFILTRATION TEST**  
carried out during low temperature and vibration tests.

**VISUAL CHECK**  
to identify any damage or deformation in the panoramic roof surfaces.

## RESISTANT, SOLID, DURABLE

IT IS FORMED BY AN EXTERNAL FRAME IN BLACK METHACRYLATE AND INTERNAL GLAZING IN LAMINATED GLASS WITH SUN-PROOF SCREEN PRINTING PERIMETER.

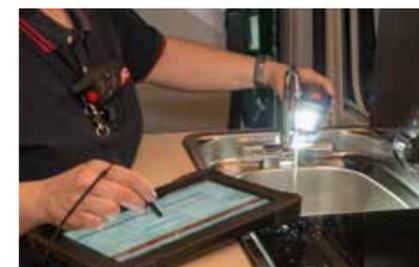

Test on operation of the gas pipes.

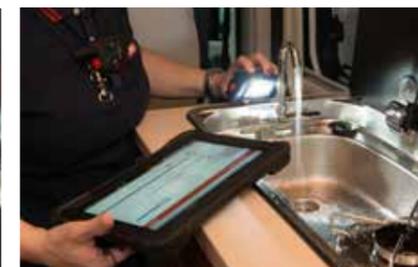

Check of operation and correct installation of the electrical systems.

Gas system inspection by certified staff according to the German DVGW protocol.

100 statistical checks on a percentage of the vehicles produced: aesthetic, functional, noise and fitting tests.

Correct installation of the hydraulic systems.

100% electronic weighing of vehicles before delivery.

**THE PANORAMIC ROOF IS AVAILABLE AS AN OPTION ON THE TREND AND PREMIUM RANGES.**

#### NOTES

The masses indicated in this catalogue refer to the provisions of European Directive 2007/46/EC.

#### MASS IN RUNNING ORDER

It includes the weight of the empty base vehicle, of the driver (75 kg), 100% of the fuel (60-l tank), fresh water (tank filled with 20 l while travelling), and a gas tank for living purposes (20 kg).

The mass in running order, and consequently the payload and/or certified seats may vary depending on the accessories installed.

#### PAYLOAD

This consists of the difference between the maximum technically permissible laden mass and the mass in running order. It includes elements for living purposes, the transported passengers defined by the manufacturer (driver excluded), and the personal effects.

The payload calculation is based on the following parameters: 75 kg for each passenger (driver excluded), 10 kg of baggage for each passenger and for the driver, 10 kg for each metre of length of the vehicle, plus the remaining payload, which can be used for the installation of accessories or for additional baggage.

All masses and loads of the empty vehicle have a tolerance of +/- 5%, in compliance with Directive 2007/46/EC.

Any optional equipment increases the mass in running order and decreases the payload.

The weight of non-standard accessories is not included in the mass in running order indicated in this catalogue.

Additional accessories and devices reduce the payload by a quantity equal to their weight; the incidence of the weight of the individual accessories is shown in the special column in the technical data sheets or can be requested at our dealers.

In case certain accessories are installed (for example, additional elements such as coupling device or motorbike rack), the mass of these accessories will affect the payload, possibly reducing it along with the number of certified seats. Please note that the law does not allow the maximum permissible mass to be exceeded, which can be consulted under the specific heading of the data sheets.

Please make sure that the maximum loads on the axles and the maximum technically permissible load mass are not exceeded during the complete loading phase of the vehicle.

The regulations and requirements of each country may entail changes in the characteristics of this table.

The number of certified seats may vary depending on the traffic regulations in force in each country. When driving, the fresh water tank must be filled to a maximum of 20 litres.

\* The values shown represent the minimum value of the vehicle in the basic configuration, and the maximum value that includes the maximum weight of accessories available and that can be installed in the basic configuration in the factory.

\*\* To increase the vehicle payload, when travelling it is possible to reduce the fresh water tank capacity to approx. 20 lt.

SEA S.p.A. operates with an Integrated Environment and Safety Management System.

#### NOTES

ELNAGH reserves itself the right to change the characteristics and the furnishings of all its models with no advance notice required; all data contained in this leaflet must therefore be considered approximate and non-binding. Despite thorough checks of the contents, we cannot exclude possible printing and/or translating errors.

This catalogue does not constitute contractual documentation.

For the above reasons, all information relating to the specifications and equipment of each model must be requested prior to purchase from the dealer, who, as the sole contact person, will confirm or correct the data published by updating the customer on the characteristics and actual equipment of the relevant vehicle being negotiated.

Any reproduction, including in part, of the text or of the content of this document is prohibited.

The indicated weights are exclusively approximated. Tolerances of +/-5 % are allowed.

Generally speaking, special equipment and options increase the no-load weight and entail a reduction in the payload.

We hereby decline any and all responsibility in case structural changes are made to the vehicle; any assembly, disassembly or changes carried out by unauthorised workshops may jeopardise your safety and cause the warranty clauses to be forfeited.

For additional information on installation and technical details, please contact one of our dealers.
